Subject: Deficient Notice of Intention to Commence Small Mining Operations, Wilkinson Construction Company, Dugout Canyon Gravel Pit, S/047/0112, Uintah County, Utah

Dear Mr. Wilkinson:

The Division of Oil, Gas and Mining has reviewed the referenced Notice of Intention to Commence Small Mining Operations (NOI), and the following items will need to be addressed before the NOI can be determined complete:

1. The legal description shown on page 3, Section II. 1 is incorrect. Please rewrite based on actual acres of proposed disturbance.
2. The maps indicate a block 1000 by 1000 feet (22.96 acres), but the text indicates the disturbance area would be five acres. Please correct this inconsistency. In addition a 600' by 20' road would add another 0.28 acres of disturbance. The maximum disturbance for a small mine is 10 acres. Please submit new maps showing a maximum of 10 acres to be disturbed and correct the text accordingly.
3. Please have the consultant who performed the literature search for cultural resources complete the enclosed cover page and submit a copy to the Division. The Division of State History is requiring this form.

Please provide your response as replacement pages to the original NOI, using Form MR-REV-SMO/EXP, available on the Division's web site at www.ogm.utah.gov.

Please call Leslie Heppler at 801-538-5257 or me at 801-538-5261 if you have questions about this letter. In reply, please refer to file number S/047/0112. Thank you for your cooperation.

Sincerely,

Paul B. Baker
Minerals Program Manager
